A black and white photograph of a school building complex in Mysločovice. The main building is a long, two-story structure with many windows. To its left is a smaller, single-story building. The complex is surrounded by trees and shrubs. In the background, there are rolling hills and a road. The sky is overcast. The photo is taken from a slightly elevated position, looking down at the school. The foreground is filled with dense foliage. The text "ZDŠ - Mysločovice 1964-66" and "21.VIII. 1966" is written in the bottom right corner.
